DETAILED ACTION

This Office action is responsive to communications filed on 27 August 2007.

Priority

1. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

Allowable Subject Matter

2. Claims 10-18 are allowed over prior arts.
3. The following is an Examiner's statement of reasons for allowance:

With regards to claim 10, the prior arts of record fail to anticipate and/or render obvious, either solely or in combination, an optical device comprising, among other features, a collimating lens common to a first and second source and arranged at the intersection of a first incident beam and of a second beam.

Claims 11-18 are allowed due at least to their dependency upon an allowable base claim.

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure:

I) Yanagi (US 5,847,819) discloses a lens meter utilizing three different wavelengths.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Art Unit: 2878
